

Who we are

We are problem solvers: manufacturers' representatives work hard to earn trust and become a resource as problem solvers.

What we do

We represent numerous and complementary products and services. By representing multiple companies, we offer several problem solutions and operate as business operators in sales, not as salespeople in business.

Value we add

We offer the customer numerous solutions to their problems. The customer spends far less time working with a manufacturers' rep than with several direct salespeople. People buy from people they know and trust. Manufacturers' reps work hard to earn reputations as trusted problem solvers.

OEM Metal & Plastic Machined Components, Assemblies – Product Manufacturing Team

GASKET MANUFACTURING COMPANY.

Our gasket company manufactures custom gaskets for numerous industries. We can convert and bind virtually any raw material into the exact shape, dimensions, and thickness required for your manufacturing needs.

- CNC Digital DIE Cutting, Slitting, Rotary, LASER, Laminating, Prototyping, Component Kitting, • Tapes & Adhesives • Foam & Sponge • Standard Gasket Materials
- Thermal Management • Filters & Venting • Rubber • Plastics • Diaphragm
 - Neoprene • Silicone • Lock plate gaskets • Head Gaskets • Filter Gaskets
 - Viton Gaskets • Rubber Gaskets • Silicone Gaskets • EPDM gaskets • Custom Seals
 - Panel Assembly Gaskets, custom made gasket parts

MISHAWAKA, IN

MET SPECIALIZES IN PRECISION SHEET METAL FABRICATION USING PHOTOCHEMICAL ETCHING, WATERJET CUTTING,. ADVANTAGES OF PHOTOCHEMICAL ETCHING INCLUDE LOW TOOLING COSTS, STRESS-FREE APPLICATION THAT ALLOWS TIGHT MANUFACTURING TOLERANCES, PRODUCT CONSISTENCY, AND A FAST TURN-AROUND TIME.

Waterjet cutting offers similar benefits but can handle thicker materials and different alloys. Both production methods are set up for large volume manufacturing. FORMING, WELDING, Plating, Powder Coating, Heat Treating, Passivation, Milling, Tapping

Grace Engineering Corporation is a family owned business that has been in business for 50+ years specializing in precision machined components.

- 5 Axis CNC Swiss Turning - 32mm OD Swiss Turn – 11 Swiss Machines
- CNC Milling - Drilling– Max size - 48" x 18" x 23" – 25 CNC Machines • CNC Turning – Max size - 2.500" dia x 40" long CNC
- CNC Centerless Grinding • OD Grinding • Surface Grinding
- Part Finishing – Laser Engraving, Media Tumbling, Media Blasting
- Additional finishing services: decorating, assembly, polishing

ISO 9001: 2015 CERTIFIED

- WBENC – Woman owned business

Since 1979 Rockford Specialties, a wire forming & fabrication company, has provided custom-made wire, laser-cut component products, and industrial custom fabricated wire to the OEM, Automotive, Industrial, Furniture, Food Service, Point-of-Purchase, Consumer Products, Laboratory & Medical Supply industries.

- Wire Forming - mild and stainless steel from .091" to .625" in diameter
- Fabrication + Laser Cutting - 3000 Watt Laser with 5" x 10" twin pallet +
- Trumpf TruLaser 3030 Fiber Laser with auto load cell for maximum efficiency – Welded Components - mild and stainless steel MIG, TIG, resistance and robotic
- CNC press brake up to 175 tons
- Finishing – Plating (Zinc, Nickel, Chrome) Powder Coating, Electropolishing, Vinyl & Nylon Coating
- Product Assembly - custom finishing options, kitting and packaging services

Deep Draw Stamping Solutions

ISO 9001: 2015 CERTIFIED

Wood Dale, IL

Pac CNC is an employee-owned business founded in 1986. We specialize in small to medium size stampings using various types of materials.

Aluminum • copper • beryllium • copper • brass • phosphor bronze • stainless steel, nickel • clad metals • OHMALOY 30 • high and low carbon steels and pre-plated materials. All production and prototypes are tooled in-house.

Stamping – 10 to 200 ton - Multi-Slide & Four Slides

55,000 Square feet of Production space

Thickness up to 4MM - .157 - up to 12" Wide

Intricate Micro Stamping to Large Stout

pacnc.com

Founded in 1941, Twinplex Stamping company is a 4th generation family owned company. Twinplex is a custom deep draw metal stamping company. OEM and component manufacturers around the world in automotive, appliance, consumer product, household & hardware, hose ferrule and electrical & sensor applications.

- Specialties: Cans, Caps, Cases, Connectors, Cups, Deep Draw, Eyelets, Ferrules, Grommets, Housings, Shells, Progressive Die Stamping
- Stamping equipment: 30 ton to Minster 100 ton
- Deep Draw Stamping – Tool & Die Maker In-house
