MANUFACTURER'S REP AGENCY

Who we are

We are problem solvers: manufacturers' representatives work hard to earn trust and become a resource as problem solvers.

What we do

We represent numerous and complementary products and services. By representing multiple companies, we offer several problem solutions and operate as business operators in sales, not as salespeople in business.

Value we add

We offer the customer numerous solutions to their problems. The customer spends far less time working with a manufacturers' rep than with several direct salespeople. People buy from people they know and trust. Manufacturers' reps work hard to earn reputations as trusted problem solvers.

**GASKET ENGINEERING
COMPANY**

ISO 9001:2015

GASKET MANUFACTURING COMPANY.

Our gasket company manufactures custom gaskets for numerous industries. We can convert and bind virtually any raw material into the exact shape, dimensions, and thickness required for your manufacturing needs.

- CNC Digital DIE Cutting, Slitting, Rotary, LASER, Laminating, Prototyping, Component Kitting, • Tapes & Adhesives • Foam & Sponge • Standard Gasket Materials
- Thermal Management • Filters & Venting • Rubber • Plastics • Diaphragm
 - Neoprene • Silicone • Lock plate gaskets • Head Gaskets • Filter Gaskets
 - Viton Gaskets • Rubber Gaskets • Silicone Gaskets • EPDM gaskets • Custom Seals
 - Panel Assembly Gaskets, custom made gasket parts

Swiss Automation, Inc. is a leader in precision machining. We utilize the latest technology in multi-axis CNC Swiss Screw machines, enabling us to service our customers with speed, quality, and precision. Swiss Automation, Inc. is one of the largest manufacturers of Precision Turned Components in the US, with over 214 of the finest dual-spindle lathes in the world, many with up to 12 axis of cutting capability. Swiss Automation, Inc. serves the Medical, Aerospace / Defense & Electrical, and Hydraulics / Pneumatic Industries. We are one of the country's largest holders of both Citizen and Tornos-Bechler DECO CNC Swiss-Type Screw Machines in addition to a wide array of Star, Miyano, Hardinge, and Eurotech machines.

ISO 9001: 2015
MISHAWAKA, IN

MET SPECIALIZES IN PRECISION SHEET METAL FABRICATION USING PHOTOCHEMICAL ETCHING, WATERJET CUTTING.
ADVANTAGES OF PHOTOCHEMICAL ETCHING INCLUDE LOW TOOLING COSTS, STRESS-FREE APPLICATION THAT ALLOWS TIGHT MANUFACTURING TOLERANCES, PRODUCT CONSISTENCY, AND A FAST TURN-AROUND TIME.

Waterjet cutting offers similar benefits but can handle thicker materials and different alloys. Both production methods are set up for large volume manufacturing.
FORMING, WELDING, Plating, Powder Coating,
Heat Treating, Passivation, Milling, Tapping
