

# PROCESS DEVELOPMENT PARTNER IN THE MIDWEST

With years in manufacturing, we leverage our experience to benefit both our customer's and vendor's choices for the best, most cost-effective method for their manufactured products.

**LET US IMPROVE YOUR MANUFACTURING PROCESS!**

## ABOUT US

At Lighthouse Sales Group, LLC

Our areas of expertise are:

- Injection Molding
- Profile Extrusion
- Rotational Molding
- Vacuum and Pressure Forming
- Blow Molding

### Design & Development

Our goal is to optimize design and product implementation so our client's projects are successful.

### Engineering & Technical

Early design collaboration along with our knowledge and experience provides effective manufacturing solutions.

### Production Launch & Rollout

Our goal is assist in the manufacturing process. Our experienced manufacturing lineup provides quality products through best manufacturing practices.

# Our Trusted Manufacturers:

## AGS Technology - Unique Expertise in Certified, Reprocessed Injection Molded Material

AGS Technology produces high-performance custom injection molded products specializing in certified, reprocessed materials.

- Part Design to Production
- In-House Mold Shop
- Plastic Regrind Feedstocks
- Reprocessed Pellets End-Product
- IATF16949: 2016 Certified

## General Plastics - State of the Art Thermoforming Partner

**GENERAL PLASTICS, INC.**

General Plastics provides innovative thermoforming solutions through their state-of-the-art facility. Materials range from commodity to engineering resins to specific plastic alloys.

- Sizes to 72" x 120" x 40" T
- CNC & Robotic Routing
- ISO9001:2015 & ISO14001:2015 Certified

## Horizon Manufacturing Group, LLC - Rotomolding What Others Can't or Won't

**HORIZON**  
MANUFACTURING GROUP

Wisconsin-based rotational molder supplying a variety of markets. In-house tooling, design, fabrication & prototyping.

- 35+ Years of Manufacturing Experience
- Part & Component Assembly
- ISO9001:2015 Certified
- Part Size Up To 120"
- EPA Certified For Fuel Tanks

## Plastic Parts International - Turnkey Solutions for Plastic Injection molded products

- Custom Injection Molding - High-volume and short-run production
- Over molding & Insert Molding - Multi-material and metal/plastic combinations
- Prototyping Services - Rapid iterations to production
- Assembly & Packaging - Value-added services for complete solutions
- ABS, Polypropylene, Nylon, Polycarbonate
- High-Heat Thermoplastics
- Bio-Based & Recycled Materials
- Molding Capacity: 80T-800T

## Wisconsin Plastic Products - Complex, Precision Profile Extruder

Industry leading facility providing highly engineered profile extrusions. In-house engineering support & die building capabilities.

- Co & Tri-Extrusion Profiles
- Meta-Plastic Specialty Co-Extrusion Process That Bonds Plastics To Metal Substrates
- Vacuum Calibration
- Certified ISO & UL Components Supplier
- Sizes To 24" Wide

## Iceberg Enterprises - Innovative Blow Molding Partner

Iceberg is an industry-leading manufacturer and distributor of folding tables, folding chairs, and custom blow-molded plastic products.

- Sizes Up To 110" X 60"
- Mold Machines: 3 - 80 Pounds
- Extrusion Blow Molded HDPE
- Dual Head & Single Head Capability
